

LES TRÉSOMS LAKE & SPA RESORT

Les Trésoms' charm comes from the alchemy of opposites. The contrast of the lake and the mountains, light that can be flamboyant or softly romantic, town and countryside... We use expertise and innovation to make you feel at home in this other-worldly cocoon. Because real luxury is having time for oneself.

Véronique and Pascal Droux

LA ROTONDE DES TRÉSOMS

”The closest to who I really am”

I am fortunate in having a dual culture; The culture of the place where I grew up in the southwest of France, then that of the area I have settled in: Savoie Mont-Blanc. Every day, I use this dual culture to create my own culinary identity.

My DNA is made up of iodized particles that sent me sailing across the salt waters and the windy forests of the Aquitaine region. However, like a sign, as if it as meant to be, my parents had a restaurant in Bordeaux called “La

Petite Savoie”. The prophecy came true and now here I am next to the sparkling waters of lake Annecy and the high mountains of the Alps. Here, I have found a feeling of liberty and openness that I love.

My personal and professional paths have not led me here by chance: it is in the alchemy and the dialogue between these 2 regions that I am closest to my true self.

My past life as a top-level athlete still echoes today in my desire for performance, rigour and wellbeing.

From the oldest traditions to the most refined dishes, from my most delicate childhood memories to the daring touches that require all the precision of the technical savoir-faire I learned from my expert teachers: this is the familiar yet surprising journey that I am delighted to invite you to join me on.
